

# Wedding Albums

*There's* no better way to *showcase* and *preserve* your wedding day than with a hand crafted album. Albums span generations and technologies - long after CD's and USB drives are gone, the album will be there as an *heirloom* for your great-grandchildren to enjoy!

You simply cannot purchase a higher quality album than this, anywhere:

- \* Kodak Endura paper guaranteed to last over *100 years*.
- \* Commercial grade bindings that are strong and durable.
- \* All materials used are *museum grade* and archival quality.
- \* Made in America by skilled artisans.

Each album is designed *uniquely for you!* An initial design is sent to you and you can make any changes that you would like. Only after you're satisfied is the album sent to printing.

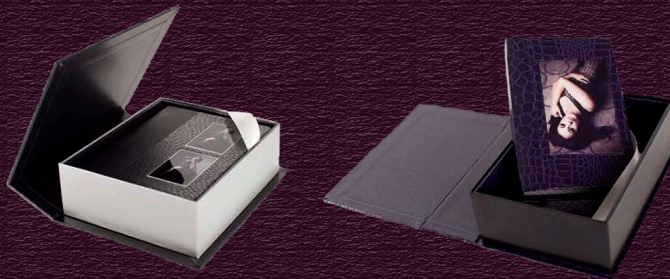

## *Standard Album includes:*
