GOLF & SOCIAL

A PRIVATE CLUB EXPERIENCE

Atlanta Golf & Social has all the amenities of a modern country club: a professional-quality golf simulator experience, warm and inviting lounge areas and of course, a full bar. But we're also smaller (and considerably less exclusive) than your average country club, meaning we have the unique ability to design an experience that's the best of both worlds – the opportunity to host an event at your very own private club at a reasonable cost.

About Us

Atlanta Golf & Social is a community-driven indoor golf facility that combines professional simulator technology with a laid back and casual bar vibe. We are a locally-owned and family-run small business, which allows us to create events that are easy to plan and fun to attend.
