

My Intimate Collection – 2nd Level

Hourly Wedding Collections

Beginning with our 1- Hour Collections

I created My Intimate Collections for those who wish to host a more intimate-sized wedding day. This Collection is also extremely popular with couples who visit us from around the globe, or, around the country.

I'll be capturing all the emotions, and all the goings-on, in the very same fashion as I do for our full-day Collections. My Associate Photographer will be capturing so many moments you didn't even know were happening.

Your unlimited number of gorgeous images are showcased on our on-line gallery, and all your digital files can be downloaded in Large-Resolution, with unlimited printing rights (And, sized for electronic uses such as, computer viewing/sharing, Internet, social media, email, etc.).

Our standard, 10 Page, 8" x 12" Photo Book (Beginning with our 3-Hour Collection), with 12 images (This book is expandable).

If desired, participation in our unique, Couples' Registry Program.
