FAQ

- Weddings that do not fall into these parameters may be booked at different rates.
- The gallery tables are fixed (and the split level is the bar) and there is always artwork on the walls, which is changed out with a local artist every 3 months. Artwork would never be offensive or controversial but cannot be removed or replaced.
- The rental is for the times outlined above, and includes the cleaning fee, for a staff person to be on call, and there are no additional service charges or outside vendor fees. I have a great list of preferred vendors, but you are welcome to bring in your own selections with approval.
- The restrooms are all on one side of the venue with 6 stalls in the women's and 4 in the men's. Then, there are two catering prep rooms (no cooking appliances onsite) where the caterers bring their prepared food and serve from.
- There is also a lounge/green room with seating and make-up stations, for the wedding party to hold before the ceremony, before introductions at the reception, and to keep their personal belongings. The lounge stays locked and your planner and the onsite staff person will have access.
- You are required to hire a coordinator to manage your day if you are hosting a mini wedding or larger, but they should also create your floor plan, timeline, final list of vendors all due 30 days in advance for approval, and assist with setup, breakdown, and putting out any day-of fires. These services are offered by the Rialto for an additional fee.
- There are 3 lots with paid parking through a phone app and free street parking. There are also City of Tampa lots within two blocks of the theater with spaces to rent by contacting them through the parking webpage, as well as a new parking garage at the corner of Tampa and Palm for as little as \$5 per car. If you reserve a block of hotel rooms either Downtown or Ybor, ask about the hotel's available shuttles.
