

## FSG PRIVATE EVENTS GUIDE

FERRARA SHOWMAN GALLERY offers a unique venue for all events located in the heart of the Warehouse/Arts District. Established in 1998, FSG is a collective environment of creative visions featuring monthly exhibitions of (inter)national, emerging to established, contemporary artists. A commercial gallery with a public conscience; the gallery has played an instrumental part in helping New Orleans become an international destination for contemporary art. The 1800ft space is filled with art from international to local contemporary artists. Just blocks away from the CBD, Garden District, Convention Center, and the French Quarter, the gallery is an ideal space for any event.
