

# Round Peak Vineyards

## WEDDINGS

2025

*Experience the beauty of the North Carolina foothills! Our venue features a gazebo atop the highest point of the property at 1,320 ft with stunning Blue Ridge mountain and vineyard views, although many couples also choose to hold their wedding ceremony right off the patio to be right up against the vines and to get a gorgeous backdrop of Skull Camp mountain.. With plenty of natural beauty, the 12 acres of vineyards and the winery offer many great locations for photos!*

*The covered reception patio has plenty of room to host up to 200 guests for a seated dinner, dance floor, and party, and has stunning sunset views for you and your guests to enjoy. There is a large bonfire pit next to the patio to relax at, and corn hole to play (if desired). The attached patio room is perfect for catering and other needs. For larger weddings we create an indoor / outdoor environment by opening our very large garage door to the winery where guests can hang out and in our working winery.*

*The winery building and tasting room punctuate the property with a rustic yet elegant ambiance. Our two onsite four bedroom cabins offer a convenient and relaxing place for the wedding party to get ready before the big event, or for out of town guests to stay. We know how important pets are to their owners and we want yours to be part of your special day too! They are welcome at the ceremony and will also be right at home in our large fenced in dog play area where they can run around off-leash!*
