creative vision

We want to work with you to create an environment that authentically represents you as a couple.

The Northwoods will be the backdrop of your event. We cherish this place and want to share it's magic with you.

Love is love. Pinecrest Northwoods is an inclusive wedding venue. All are welcome to celebrate here.

We value connection and encourage parties to stay for several nights so you and all your loved ones can enjoy quality time together.

Let us help make your wedding vision come to life here in the Northwoods!

THE BLUFF

If you are seeking an outdoor wedding location, look no further. The bluff is a magical setting for an outdoor ceremony. With up to 100 guests seated in an eclectic assortment of chairs and pews, the wedding party will walk down the aisle made of wooden tree rounds and stand along the edge of the bluff. Juncob Lake makes a stunning backdrop as you say "I do" under the towering pines. After you and your spouse make your way back up the aisle together, your guests can hang back and mingle atop the bluff with cocktails and hors d'oeuvres.

LODGING

ACCOMODATIONS AT PINECREST NORTHWOODS

One of the best parts of hosting a wedding at Pinecrest Northwoods is the ability for you and your guests to stay right here on-site in our cabins, cottages, glampsites and rustic campsites. We cherish quality time with loved ones, and want to create a space where everyone can come and relax, focus on celebrating the love of the wedding couple, and make treasured memories that will last a lifetime. To ensure there is time and space for this to happen, we encourage wedding parties to make a trip out of it- come and stay a while!

A two night minimum stay is required for all weddings. As it is not customary for the wedding couple to cover their guests' accommodations, we keep lodging prices separate from wedding pricing so it can easily be passed off to wedding guests as our clients see fit.

RESORT AMENITIES

Adventure abounds! Explore magnificent wilderness right outside your cabin door with over 2.5 miles of winding wooded trails. Take a swim in Juncob Lake or cast a line as you paddle along the serene Michigamme River. Kayaks, canoes, SUPs and row boats are available for guests to enjoy. Our authentic Finnish sauna offers a rejuvenating retreat, especially when followed with a refreshing jump in the lake! As the evening winds down, gather around the crackling fire with your loved ones as you savor toasty s'mores under the starlit sky. With a little luck, the Auroras might even put on a show. At Pinecrest Northwoods, every moment is infused with the magic of the wilderness, creating an unforgettable backdrop for your special day.
