MRS. FISH is a unique Japanese-inspired world of sushi, art, and whisky, with an alluring mystique. Located 16 floors below Perch, it is the perfect location for all styles of special events. It features a 5,500-gallon saltwater ecosystem, two semi-private lounge areas, three built-in bars, an omakase sushi bar and state of the art lighting system culminating in a unique and unforgettable dining setting.

The Scene

After passing through an unassuming pair of double doors, you descend down an ornate iron staircase and are embraced by a 5,500-gallon chandelier brimming with sea life. The suspended aquarium illuminates the architecturally stunning space, submerging you into an edgy and glamorous world. It becomes immediately clear that this is not your average venue. Simultaneously spacious and intimate, the scene creates a perfect environment to indulge in eccentric yet balanced drinks paired with a decadent menu featuring contemporary Japanese cuisine.

Venue Highlights

Our fish tank suspended in the ceiling is sure to wow all of your guests. The coral is illuminated through LED lighting which can be changed to reflect the mood you'd like to set as well as any team, corporate or other colors you may wish to showcase.

Whisky Lounge
