CONGRATULATIONS

We are so excited to share what our hotel can offer to our wedding couples.

Situated in beautiful Redondo Beach, we have an elegant setting with water views from Palos Verdes to Malibu, and our hotel has a warm, inviting feel with a clean contemporary design.

With two outdoor ceremony sites and 25,000 square feet of event space (ranging from 1900 - 7500 square feet), we have the perfect size to accommodate from 50 - 450 people.

We also feature 346 tastefully appointed guest rooms and 8 suites.

Our staff is one of our most valued assets. We have an experienced team who can offer innovative ideas and unique touches to turn your dream into fruition.

The following pages will show you some photos and give you some ideas. However, we realize that each couple has their own individual style and personality which should stand out, so we honor the opportunity to show you our hotel and sit down with you to create the "perfect package" for the most special day of your lives.
